### History of Worcester Colts FC

Broadheath boys FC was formed in 1983 from which due to a move of ground to Worcester's Famous Pitchcroft Racecourse and being then sponsored by them, they emerged as Worcester Colts FC. Over the years the club has been very successful producing many league and cup winners, have toured Germany and Holland and are proud to have developed players that have gone on to play for clubs such as Walsall FC, Aston Villa, West Bromwich Albion and of course Worcester City.

In recent years Worcester Colts FC has held an annual 5 a side tournament attended by around 50 sides from all over the Midlands and this is now considered to be one the very best around.

Acropolis Flooring Co Ltd first sponsored Worcester Colts in 1999 when the boys were all playing for the U9's, they have remained there sponsor throughout, sponsoring mainly the home kit, however this year for the U16's Acropolis Flooring has sponsored both the Home and Away Kits, with the Kits being handed down each year we now have 8 teams sporting the Acropolis Logo.

We here at Worcester Colts FC thank Acropolis Flooring for their generous and continued support.
